[REDACTED] of my office has given me a full report of his recent discussions with you. I hope we will be able to continue the fruitful exchange of ideas on matters of mutual interest.

I am enclosing a copy of the economic research program of the Office of Research and Reports for the calendar year 1953. You will note that, although the primary effort is on the USSR, a significant proportion has been allocated to research on the Communist Chinese economy.

Any comments which you might have on the over-all program or specific projects within the program will be welcome.

Sincerely,

[REDACTED]
Assistant Director
